

Producer End Effector

For 300mm AMAT Producer® Systems

Fabworx Solutions'™ end effector for the 300mm AMAT Producer system features an oversized pocket diameter and wafer support o-rings to reduce wafer sliding and the associated particle contamination.

- Three replaceable perfluoroelastomer o-rings provide exceptional coefficient of static friction between the o-ring surface and the wafer to reduce particle contamination caused by wafer sliding
- Enlarged pocket diameter of 300.55mm reduces particles caused by wafer collision with end effector pocket edges
